

- 1. Studio:** Students and course instructor/s to be involved individually or in groups to interact to enhance learning and application skills. The students should interact with the construction industry (small, medium, and large), understand their problems or foresee what can be undertaken for study in the form of research/ case study testing projects, and for creative and innovative methods to solve the identified problem.

Students will:

- Gain confidence in working along with professionals.
 - Work on different software/s(tools)to simulate, analyze and authenticate the output to interpret and conclude.
 - Handle advanced technology to enhance technical talent.
 - Involve in case studies and field visits/fieldwork.
 - Accustom with spatial standards to narrow the gap between academia and the profession. All activities should enhance student’s abilities to Employment and/or self-employment opportunities, management skills, Statistical analysis, fiscal expertise, etc.
2. Skill Development Activities: They may be in the form of periodic site visits, guest conferences, and webinars, not a fixed slot in timetables.
3. Viva-voce: The viva voce shall be conducted for duration of 20 minutes (per student) for the subjects listed under viva voce for all the semesters.
